TREŚĆ ARTYKUŁU:

Our students will meet you on the EMBA classes at WSB University in Poznań. Please tell us more about the course.

The goal of this course is to introduce you to the wonderful and exciting world of new venture creation. In addition, new venture creation approached the right way can bring new value to customers and thus the firm.

Thus, in this hands-on course, students will learn how to concisely articulate for example: what their business is all about, what segments they will serve, how they will create value for customers, why customers should even care? how they will get traction in the marketplace, achieve scale, and ultimately that will provide a risk adjusted return for investors.

How do the classes look like?

This course will provide a methodology as well as a set frameworks, models, tools, and techniques that will help students to structurally analyze, vet and commercialize their business ideas. Further, students will develop the essential parts of a business model in which they will strategize, discuss, test, receive feedback and pivot their business models as appropriate with the objective to design a workable and fundable business. This hands-on

course teaches a rigorous framework as well as provides a valuable experience to students so that they, upon completion, can be more successful in starting their own ventures.
